

Emerging Immunotherapies & Novel Therapeutics in Endometrial Cancer

A GOG Foundation, Inc. Independent Satellite Symposia

Wednesday, August 11, 2021

GOG CONFIDENTIALITY NOTICE

- **This presentation is the property of The GOG Foundation, Inc. (“GOG”) and/or our Sponsors and is strictly confidential. It contains information intended only for the person to whom it is transmitted and is not to be shared with any third party without the prior written consent of the GOG General Counsel.**
- **With receipt of this information, recipient acknowledges and agrees that: (i) this document is not to be distributed; (ii) the recipient will not copy, duplicate, photograph, reproduce, divulge, or distribute this confidential information, in whole or in part, without the express written consent of the GOG General Counsel; and (iii) all of the information herein will be treated as confidential material with no less care than that afforded to its own confidential material.**

GOG FACULTY DISCLOSURE INFORMATION

Virtual Symposium, “Emerging Immunotherapies & Novel Therapeutics in Endometrial Cancer”

AUGUST 11, 2021

In accordance with the ACCME Accreditation Criteria, The GOG Foundation, Inc., as the accredited provider of this activity, must ensure that anyone in a position to control the content of the educational activity has disclosed all relevant financial relationships with any **ineligible company** *(formally known as commercial interests). All **Committee/Planning/Faculty members** were required to disclose all financial relationships and speakers were required to disclose any financial relationship **as it pertains to the content of the presentations.**

The ACCME does not consider providers of clinical service directly to patients to be an ineligible company. “Relevant” financial relationships are financial transactions (in any amount) occurring within **the past 24 months** that may create a conflict of interest.

Please note we have advised the speakers that it is their responsibility to disclose at the start of their presentation if they will be describing the use of a device, product, or drug that is not FDA approved or the off-label use of an approved device, product, or drug or unapproved usage. The requirement for disclosure is not intended to imply any impropriety of such relationships, but simply to identify such relationships through full disclosure, and to allow the audience to form its own judgments regarding the presentation.

All of the relevant financial relationships listed for these individuals have been mitigated. However, if you perceive a bias during a session, please report the circumstances on the session evaluation form.

NEW TERM *An “**ineligible company**” is any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.
