

# GOG PARTNERS CONNECTION

A Quarterly Newsletter  
From GOG Partners, A GOG Foundation Program

The GOG Foundation, Inc. has one mission that is dedicated to transforming the standard of care in gynecologic oncology.

## THE GOG FOUNDATION, INC., THE SOCIETY OF GYNECOLOGIC ONCOLOGY, AND THE FOUNDATION FOR WOMEN'S CANCER ANNOUNCE SYNERGISTIC PARTNERSHIP TO ADVANCE THE MISSIONS OF ALL THREE ORGANIZATIONS

Philadelphia, PA and Chicago, IL USA, Nov. 1, 2022 - The GOG Foundation, Inc. (GOG-F), the Society for Gynecologic Oncology (SGO) and the Foundation for Women's Cancer (FWC) are elevating their shared dedication to improving patient outcomes and accelerating cancer research through strategic partnership in three critical areas: research and career advancement; diversity, inclusion and health equity; and industry relations.

Society of Gynecologic Oncology

GOG-F, SGO and FWC representatives\* first assessed opportunities for increased collaboration in a July retreat, during which participants were guided by three objectives: to delineate the collective mission and identify future strategic objectives specific to each organization to promote key initiatives; to identify synergistic opportunities for collaboration; and to develop operational roadmaps and workstreams to achieve collaborative objectives and define metrics for success. Organizational leaders from the three organizations engaged in one-to-one and group conversations to achieve meeting objectives. At the close of the retreat, participants collectively recognized an integral next step to develop a dynamic and diverse GOG/SGO/FWC steering committee that could provide continual partnership oversight and guidance. Organization representatives for the steering committee were then selected and appointed\*\*, and now are actively meeting to move the partnership forward.

Larry Copeland, MD, GOG-F President, reflected on initial partnership meetings, stating, "The opportunity to meet with our SGO and FWC colleagues only further supports the

GOG Foundation's mission to positively impact patients through the prevention and treatment of gynecologic malignancies. The collaboration with SGO and FWC will help us find solutions for our patients through clinical trials and translational research."

## REGISTER TODAY FOR THE GOG HIGHLIGHT REEL - NOVEMBER 2022 EDUCATION PROGRAM

The GOG Foundation, Inc. and GOG Partners welcomes gynecologic oncologists, oncologists, advanced practitioners (NP/PA/PharmD), and other clinicians who treat patients with gynecologic malignancies to attend the live broadcast of **The GOG Highlight Reel** educational program on **Friday, November 11, 2022 from 11:00 am – 2:00 pm ET.**

Our physician leadership will share a recap outlining major medical advancements in Gynecologic Oncology through discussion and presentation of the abstracts presented during some of the best oncology and women's cancer meetings.

[Click here](#) for more information on this session, or to register. If you have questions about this symposium, please contact [info@gog.org](mailto:info@gog.org).

We hope you can join us on **Friday, November 11, 2022!**

## FEATURED CLINICAL TRIAL

### GOG-3076 (OnPrime) Press Release

Olvi-Vec, a modified vaccinia virus, is being tested in the OnPrime/GOG-3076 Phase 3 registration trial in women with platinum-resistant/refractory ovarian cancer (PRROC). OnPrime/GOG-3076 builds on the positive results from the previous Phase 2 VIRO-15 study, which showed good tolerability and promising clinical efficacy from intraperitoneally delivered Olvi-Vec in combination with platinum-based chemotherapy and bevacizumab. We hypothesize that this immunochemotherapy combination may facilitate tumor (neo)antigen presentation and T-cell immune response, primed by Olvi-Vec induced immunogenic cell death, and further boosted by subsequent cytotoxic chemotherapy. Enrollment of the Phase 3 study has started in the US.

## SPECIAL RECOGNITION

GOG Foundation, Inc.  
2022 Scholar Investigator Award

The Scholar Investigator Award identifies Scholar Investigators who are capable of developing, executing, and leading gynecologic oncology clinical trials, conducting high-quality research related to gynecologic cancer, and participating in leadership positions. This five-year award is a collaboration among the GOG Foundation's Education and Mentoring Committee, the NRG Oncology New Investigator Committee, and the Society of Gynecologic Oncology.

Congratulations to our 2022 Scholar Investigator Award Winners!

- **Floor Backes, MD**, The Ohio State University
- **Bradley Corr, MD**, University of Colorado
- **Britt Erickson, MD**, University of Minnesota
- **Alejandro Rauh-Hain, MD**, MD Anderson
- **Haider Mahdi, MD**, UPMC Magee Women's Hospital and Hillman Cancer Center
- **Fiona Simpkins, MD**, University of Pennsylvania

---

## GOG Foundation, Inc.

### New Investigator Award

The New Investigator Award identifies New Investigators who wish to become more engaged with the GOG Foundation and NRG Oncology, and to learn more about the clinical trial development process of gynecologic cancers. The three-year award is a collaboration among the GOG Foundation's Education and Mentoring Committee, the NRG Oncology New Investigator Committee, and the Society for Gynecologic Oncology. It is anticipated that, upon completion, New Investigators will pursue a GOG Foundation Scholar Investigator Award.

Congratulations to our 2022 New Investigator Award Winners!

- **Vaagn Ankikyan, MD**, Yale University
- **Leslie Andriani, MD**, University of Pennsylvania
- **Shannon Ambruster, MD**, Virginia Tech Carilion
- **Monica Avila, MD**, MD Anderson Cancer Center
- **Tara Berman, MD**, Inova Schar Cancer Institute of Fairfax Hospital
- **Tara Castellano, MD**, Louisiana State University Health Science Center
- **Laura Chambers, MD**, The Ohio State University
- **Hui Chen, DO**, University of California, Davis
- **Casey Cosgrove, MD**, The Ohio State University
- **Sarah Crafton, MD**, Allegheny Health Network - West Penn Hospital
- **Kelly Devereaux, MD, PhD**, New York University
- **Lauren Dockery, MD**, University of Oklahoma Health Sciences Center
- **Scott Glaser, MD**, City of Hope National Medical Center
- **Kari Hacker, MD**, New York University
- **Katherine Hicks-Courant, MD**, University of Pennsylvania
- **Emily Hinchcliff, MD**, Northwestern University
- **Jessica Jou, MD**, University of California San Diego
- **Elizabeth Lee, MD**, Dana-Farber Cancer Institute
- **Adrienne Mallen, MD**, Park Nicollet Methodist Hospital
- **Spyridon Mastoyannis, MD**, University of Colorado
- **Leah McNally, MD**, Duke University
- **Devin Miller, MD**, Virginia Commonwealth University
- **Marisa Moroney, MD**, University of Colorado
- **Navya Nair, MD**, Louisiana State University Health Sciences Center - New Orleans
- **Krista Pfaendler, MD**, West Virginia University
- **Rebecca Porter, MD, PhD**, Dana-Farber Cancer Institute

- Jill Remick, MD, Emory University
- Dario Roque, MD, Northwestern University
- Nilanchali Singh, MD, All India Institute of Medical Sciences
- Janelle Sobceki, MD, University of Wisconsin-Madison
- Michael Toboni, MD, University of Alabama at Birmingham
- Christina Washington, MD, University of Oklahoma Health Science Center
- Catherine Watson, MD, Vanderbilt University Medical Center
- Christina Wilson, PhD, University of Alabama at Birmingham
- Abigail Zamorano, MD, University of Texas Health Science Center at Houston, McGovern Medical School

## CLINICAL TRIALS

The GOG Partners Program is currently recruiting for 23 clinical trials

9 Ovary  
3 Cervix  
4 Endometrium

To search active trials visit our website by clicking Clinical Trials button below.

## UPCOMING INDUSTRY MEETINGS

### NRG Winter Semi-Annual Meeting

The NRG Winter 2023 meeting will be held on **January 26 - 28, 2023** in Orlando, FL at the **Orlando World Center Marriot**.

The Registration Deadline is January 3<sup>rd</sup>.

[Click Here](#) for more information on the NRG Winter Semi-Annual Meeting or to register.

### SGO Winter Meeting

The SGO Winter Meeting will be held on **February 2 - 4, 2023** in Whistler, BC, Canada at the **Fairmont Chateau Whistler**.

This year's meeting is only available in person.

Get away from your day-to-day and join SGO for their next Winter Meeting! A unique, casual event where you can make connections, hear the latest research from early-career investigators, and access to powerful industry resources.

## PHILANTHROPY

### New Horizons Gynecologic Cancer Research Fund

The New Horizons Gynecologic Cancer Research Fund is the philanthropic arm for The GOG Foundation, Inc. Donations allow the GOG to enrich efforts to develop and deliver essential research tools needed to further clinical trial development and translational research programs.

Donations from individuals, corporations, and foundations directly fund the GOG educational and research initiatives. Together, we collaborate with industry to find new treatments, and more effective prevention while promoting excellence in scientific research in the field of gynecologic malignancies.

Each donation received will go directly to provide:

- Much needed resources to effectively work towards the prevention and treatment of gynecologic malignancies
- Accessible research funding
- Ability to mentor New Investigators through fellowship awards
- Opportunity to raise public awareness through education and research
- Translational medicine initiatives across the disease committees

Click the Support Our Mission button below to make a donation today!

### What GOG Means to ME

The GOG Foundation, Inc. launched a "What GOG Means to ME" social media campaign and we would like you to participate.

As a participant in this campaign, you will be highlighted on our social media feeds (Twitter, Instagram, LinkedIn and Facebook). If you would like to participate, please email Lindsey Moeller at [lmoeller@gog.org](mailto:lmoeller@gog.org) and include the following information:

- **Quote:** No more than 35 words indicating what GOG means to you, examples can include: research, clinical trials, networking.
- **Current Headshot** (Jpg or PNG format)

### Become a GOG Social Media Agent

The GOG Foundation is looking for members that are savvy with social media to become GOG Social Media Agents! Throughout the year our communications staff will invite our agents to participate in social media campaigns for meetings, education and special events. If you are interested in becoming a GOG Social Media Agent, please email Lindsey Moeller at [lmoeller@gog.org](mailto:lmoeller@gog.org) and include the following information:

- **Current Headshot** (Jpg or PNG format)
- **Current Title/Role**
- **Institution**
- **Social Tags:** Please provide how we can find you on each of the social
